

Northland NEMO Watershed Game Participant Evaluation

You recently had an opportunity to participate in the Watershed Game – an interactive tool from the Northland NEMO program. NEMO and the Watershed Game tool provide opportunities for local elected and appointed officials and community leaders to gain knowledge, skills, and increased understanding about the impacts land use decisions can have on water and natural resources of the community. This is an evaluation of your participation in the Watershed Game. It is 8 questions that should not take you more than 5 minutes to complete.

Circle the number that best represents what you learned both BEFORE and AFTER the Watershed Game.

	BEFORE participating in the Watershed Game ...					AFTER participating in the Watershed Game ...				
	Very little	Little	Some	Much	Very much	Very little	Little	Some	Much	Very much
1. I understood water quality goals, TMDLs, or that water bodies have limits to pollution.	1	2	3	4	5	1	2	3	4	5
2. I knew/know the major sources of sediment or phosphorus to our community's water resources.	1	2	3	4	5	1	2	3	4	5
3. I knew/know the variety of practices and policies I can help implement as a local leader.	1	2	3	4	5	1	2	3	4	5
4. I understood my role as a local leader to protect or minimize impacts to water resources from land use.	1	2	3	4	5	1	2	3	4	5

Circle the number that best represents how you would rate your participation in the Watershed Game.

	Very Poor	Poor	Fair	Good	Very Good
5. Overall, rate the educational value of the <u>Watershed Game</u> :	1	2	3	4	5

6. Can you name two concepts or ideas that you learned as a result of participating in the Watershed Game activity?

1. _____

2. _____

7. What has the Watershed Game inspired you to do? Give an example of how you will apply information learned from Watershed Game as a local decision maker, elected official, or community leader:

8. Make any comments or suggestions here.
